We have reviewed the report and believe it meets our needs. It appears to be well constructed with thoughtful and insightful analysis.

I don't know your procedures but the only comments we would have at this point are minor edits for typos, which are few and I'm sure would be caught anyway. We look forward to getting the final.

We are grateful to Synapse for fitting us into your schedule. Robyn, I'd like to especially express our gratitude to you for allowing us access to your contract.

Joe and Robyn,

I'm attaching here our review of ERCOT's paper "Impacts of Environmental Regulations in the ERCOT Region."

I'd be happy to answer any questions you have on the content or structure. Please feel free to contact me directly.
